## MISSION STATEMENT

To be the leading radiation safety advocacy group and source of communication for the industrial radiography industry. This is achieved by promoting a strong radiation safety culture, member support, radiation safety awareness, providing direction and fostering cooperative working relationships with regulatory bodies, while at the same time, maintaining a common voice for the industry.

## CIRSA WILL ACHIEVE THIS MISSION BY:

- Improved cooperation
- Belief in open, honest, respectful communications while promoting a positive work environment
- Acknowledging superior efforts
- Promoting the sharing of ideas and knowledge
- Developing technical knowledge
- Upholding an industry code of ethics
- Promoting member recruitment while retaining our present technicians
- Promoting unity within our Industry
- Providing resources & support
- Actively supporting our profession
- Assessing our performance regularly
- Making proper and appropriate use of CIRSA's funds & assets
- Encouraging teamwork to accomplish our goals, focusing on open communication, mutual respect, cooperation, and results
